Information

Features

1. 360° sound emits to every corner

2. Built-in passive radiator for superior bass

3. Bluetooth 4.0 wireless technology

Offer up to 10 meters/ 30 feet of wireless connection, faster pairing and high security encryption.

4. Simply tap to link with NFC

NFC (passive) enabled - works with active NFC-enabled devices.

5. Built-in microphone

Make hands-free phone calls via integrated Omni-directional microphone.

6. Built-in rechargeable battery

Rechargeable battery with 10 hours of playtime. Battery capacity indicator with iOS devices.

7. Operates additionally as a 2200 mAh backup powerbank for smartphone devices

8. Perfect for outdoor activity(IP54)

Fully covered by silicone rubber for IP54 water resistance and anti-shock protection. Additional stainless hook for convenient outdoor use.

9. Aux-in for other audio devices

10. Micro-USB, audio cable & carry pouch included.

Specifications

Audio Specifications		Connectivity Features	
Amplifier Power	2 x 4 watts	Bluetooth technology	Ver 4.0
Frequency Response	40Hz – 20kHz	Bluetooth Frequency Range	2,402 GHz - 2,480 GHz
Maximum Sound Level	90dBA	Profile Support	A2DP, AVRCP, HFP, HSP, SCMS-T, AAC
Signal-to-Noise Ratio	>80 dB	Modulation Mode	GFSK
Dimensions of Radiator	50mm x 90mm	Transmitting Power	Specification Power Class 2
Dimensions of Speaker Unit	45mm full range	Line of Sight Range	30 ft (10m)

General Specifications	
Battery Type	Li-ion rechargeable
Battery Life (Approx)	Audio Playback: Approximately 10 hours
Battery Charge Time	4 hours
Color	Black / Red / Blue / Pink / Yellow
Dimensions	188mm * 76mm * 78mm
Weights	550g

FCC Notices

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules.

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorienting or relocating the receiving antenna
- Increasing the distance between the equipment and receiver
- Connecting the equipment to an outlet on a circuit which is different from the one the receiver is connected to
- Consult a qualified expert for help
